The sites prime location allows direct, easy access onto the distributor road network which feeds directly onto the A92, connecting to the M90 and Central Scotland motorway network. From the site, it is approximately 33 miles to Edinburgh, 22 miles to Perth and 23 miles to the Forth Road Bridge.

The subjects are situated on the east side of Detroit Road within the Viewfield Industrial Estate approximately half a mile from the town centre, just to the south of the junction with Baltimore Road and opposite the Fife Constabulary headquarters.

The general area comprises a high quality business/ industrial park, located minutes from the distributor road network and 10 minutes from Thornton Train Station. The site is currently screened from the road by a mature tree belt, which if preferred could be thinned to increase visibility to passing trade, making it a prime development opportunity.
