The subjects prime location allows direct access upon exiting the estate onto dual carriageway which feeds directly onto the A92, connecting to the M90 and the Central Scotland motorway network. From the subjects, it is approximately 33 miles to Edinburgh, 22 miles to Perth and 23 miles to the Forth Road Bridge.

The site lies on the southern edge of the town, on the south side of Crompton Road, and is bounded by a mature tree belt and open countryside to the south, making it a prime development opportunity for employment purposes in a thriving and vibrant industrial estate with good quality landscaping and a rural backdrop. The key advantage of this site is its location, being surrounded by other employment uses with business park environment and having direct access to the distributor road network.
