

Business support for every stage of your journey in Fife

Invest, locate and grow
in Fife with a connected
network of support

Supporting investment, growth and opportunity in Fife

Fife Council's Economic Development team provides a coordinated package of support to help businesses start, grow, invest and succeed.

Delivered through a connected network, including Business Gateway Fife and a range of local and national partners, we connect you to the right support at the right time.

Business Growth and Investment

Support to help your business grow, innovate and access funding opportunities.

Workforce, Skills and Enterprise

Supporting recruitment, skills development and fostering a culture of enterprise across Fife.

Land, Property and Infrastructure

Access to commercial property and development land to support business growth, relocation and investment.

Trade and Supplier Development

Helping you access new markets, increase exports and identify opportunities to win public sector contracts.

Supporting Key Sectors in Fife

We work closely with businesses across Fife's priority sectors, including tourism, manufacturing, financial and business services, energy, and food and drink, while continuing to support businesses of all sizes and sectors to start, grow and succeed.

Creating vibrant town centres

Our Town Centre Development team supports the regeneration of Fife's town centres, creating attractive, well connected locations where businesses can invest, locate and grow.

One team. Connected Support.

Access a wide range of services through one point of contact.

Where you want to go, we'll help you get there.

Business support where and when you need it

Business Gateway Fife provides free advice, guidance, resources and webinars on behalf of Fife Council's Economic Development team. We support businesses at every stage, including those considering starting a business or becoming self employed in Scotland.

Whether you are starting out or looking to grow, we are here to help you succeed.
